

ADVANCING DENTISTRY

A dental solution focused on long-term health

At Willamette Dental, we believe dental care should do more than fix problems—it should prevent them. With over 55 years of expertise, we've pioneered an approach that integrates evidence-based care, clinical leadership, and comprehensive insurance solutions. Together, these elements create a system that delivers better outcomes and a brighter future for all.

A FOCUS ON PREVENTION

Our care model is built around prevention. By emphasizing regular checkups, early detection, and personalized care plans, we help patients maintain their oral health and avoid unnecessary procedures.

INTEGRATED INSURANCE SOLUTIONS

Our staff-based DHMO plans simplify dental care with transparent pricing, no annual maximums, and a focus on access and affordability. It's insurance designed to work seamlessly with our care model.

EVIDENCE-BASED CARE

All of our treatments are guided by the latest research and best practices, ensuring that every decision is rooted in science and focused on delivering optimal outcomes.

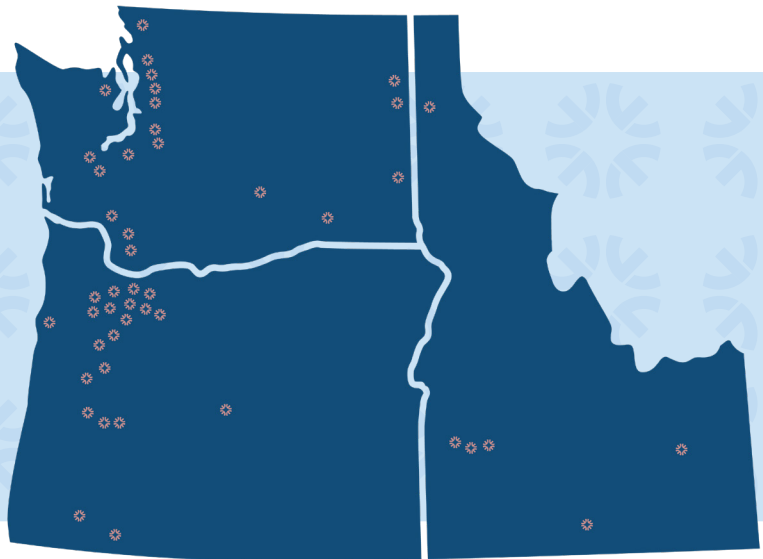

INVESTING IN RESEARCH

Research is at the heart of our mission to improve oral health and overall wellness. Through innovative studies and collaborative partnerships, we are redefining best practices and shaping the future of patient care.

GENERAL DENTISTRY / ORTHODONTICS / PERIODONTICS / ENDODONTICS / ORAL SURGERY / PROSTHODONTICS

Convenient, Pacific Northwest Locations

With nearly 50 locations across three states, we make high-quality dental care convenient and accessible.

HAPPY & HEALTHY PATIENTS

Our commitment to exceptional care is reflected in patient satisfaction – 9 out of 10 patients would highly recommend Willamette Dental to friends and family, according to NRC Health's independent patient experience survey.
