

# DENTAL CARE + INSURANCE TOGETHER AND SIMPLIFIED

Willamette Dental believes insurance should be simple so we've eliminated the guessing game. We blend preventive dental care with broad insurance coverage, making it affordable, with no maximums\*, deductibles or waiting periods, and predictable out of pocket costs.

We practice evidence-based dentistry to end the disease-repair cycle by focusing on prevention. Based on the most recent evidence, our dentists offer treatment plans that customize all treatment to the need of each patient, including dental cleanings. Our insurance plans include coverage for as many cleanings as are prescribed, whether that's just one, or perhaps four cleanings, each year.
