HOW WILLAMETTE DENTAL IS DIFFERENT

SIMPLE, RELIABLE INSURANCE

We believe dental insurance should be simple so we've eliminated the guessing game. We blend preventive dental care with broad insurance coverage, making it affordable, with no annual maximum* or deductibles and predictable out of pocket costs.

COMMITTED TO YOUR ORAL HEALTH

Healthy teeth should last a lifetime and proper care doesn't always mean invasive treatments. We practice evidence-based dentistry to end the disease-repair cycle by focusing on prevention.

By partnering with you, we make sure you have the knowledge you need to practice healthy habits and we don't recommend any unnecessary treatments.

*Benefits for implant surgery have a benefit maximum.

ABOUT WILLAMETTE DENTAL

For more than 50 years, it has been Willamette Dental's mission to deliver our proactive preventive dental care philosophy to our patients by focusing on promoting long term oral health.

We commit to service excellence through a dedicated team that exemplifies the following four core values: Health, Compassion, Innovation, Integrity.

QUALITY CARE FROM QUALITY PROVIDERS

With your Willamette Dental insurance plan, you have access to our top quality dental providers across all of our convenient locations. We make it easy for you to learn about all of our offices and providers with easy to access profiles on our website, complete with unfiltered star ratings and comments from real patients.

None of our general dentists are compensated by the number of high priced procedures they perform. Instead, they are rewarded by improving your oral health, making timely appointments available, and doing their best to make you happy with your experience.

4.6 Average For All Offices

"Sharing real patient feedback is so important to us at Willamette Dental. It helps our patients build trust with our providers before they even walk through our doors."
